

## Instructions:

Tear open a 2" foil packet, unfold the Staticide<sup>®</sup> wipe, and polish surface for maximum cleaning and static control. If streaking occurs, allow towelette to partially dry and re-wipe surface. Avoid using on computer screens.

**Product #SW12** 24 individually wipes per box; 12 per case

**Product #2450** 450 individually wrapped wipes per case (no retail packaging)

Note: In the state of California, Staticide® wipes are for industrial purposes only

Material Safety Data Sheets are available at www.aclstaticide.com.

## SW12 Staticide<sup>®</sup> Anti-Static Wipes

## One-step solution for cleaning and static control.

Staticide<sup>®</sup> wipes are the ideal anti-static applicator for keeping electronics and equipment clean and static-free. Staticide<sup>®</sup> wipes have the same long-lasting protection against static as our Staticide<sup>®</sup> topical liquids, but offer a one-step cleaning and static control solution.

Unlike some anti-stats, Staticide® topicals and wipes are not dependent on humidity to be effective. Staticide® will meet MIL-B-81705 for static decay even in dry conditions and low humidity. Staticide® is safe to use around electronics and since Staticide® will prevent dust buildup and dust attraction, computer and laptop screens will keep clean longer just by wiping the plastic housing (avoid wiping directly on screen). Staticide® wipes can also be used on industrial machinery and parts, and they are great to use in tight spaces.

Staticide<sup>®</sup> Anti-Static Wipes: The protection of Staticide<sup>®</sup> in the convenience of a wipe.

- 🕸 Available in bulk packaging for less waste
- 🕸 Ideal for use on hard surfaces such as plastic
- 🕸 Long-lasting
- 🕸 Low VOC
- Non-toxic & biodegradeable
- 🕸 Prevents dust attraction
- 🖉 Safe for all electronic equipment
- 🕸 Size: 5" x 8"
